DISNEY'S

★★HOTEL SANTA FE

1 Cars standard rooms

The Cars rooms at Disney's Hotel Santa Fe take you straight to Radiator Springs with their many details - Lightning McQueen has even found his way into the bathroom. The rooms have either 2 double beds or 1 double bed & 1 bunk bed. All rooms are suitable for 4 people. In addition, all rooms have a ceiling fan, which provides some cooling on hot summer days.

2 Cars Rio Grande rooms

The Rio Grande rooms offer the same facilities as the standard rooms, but are, as their name says, located on the banks of the Rio Grande & thus somewhat closer to the parks.

3 Cars Eldorado room

The Eldorado rooms are also no different in terms of furnishings, but have a special location: close to all the central facilities of Disney's Hotel Santa Fe.

4 Cars family rooms

Larger families will also find plenty of space at Disney's Hotel Santa Fe. The hotel has several family rooms equipped with 1 double bed, 1 sofa bed & 1 rollaway bed. So up to 6 people can stay here. The rooms also have 2 bathrooms - especially practical when everyone wants to get ready quickly in the morning for a great day in the parks!

1 La Cantina

Welcome to Route 66! La Cantina is the all you can eat buffet restaurant at Disney's Hotel Santa Fe and is themed as a rest stop on Route 66 somewhere in New Mexico. The buffet area represents the exterior of a station with gas station, bakery & co., while the seating area mirrors the interior; with a fireplace and many pieces of decoration in the style of the indigenous people of New Mexico.

2 Rio Grande Bar

The bar at Disney's Hotel Santa Fe invites you to relax in a vibrant atmosphere with its colourful chairs. Here you can end the evening with a margarita or another delicious cocktail, sometimes even accompanied by live music.

3 Starbucks Coffee

Thematically appropriate version of a Starbucks, with the familiar offer.

DISNEY'S

★★HOTEL SANTA FE

Disney's Hotel Santa Fe invites you to explore! Before the Cars theme defined everything here, the hotel was dedicated to the myths, the legends, the natural phenomena that have shaped New Mexico & the history of this state, its people & their lives. The hotel used to be divided into 5 so-called trails that reflected these influences: Infinite Space, Water, Artefacts, Monuments & Legends. Even though many elements have disappeared, you can still discover some of them, e.g.:

1 The Ufo

The Trail of Infinite Space ended in front of a crashed UFO partially stuck in the ground. This UFO stood for the modern myths of the region, one of the most famous of which is Roswell, where a UFO is said to have crashed.

2 The Falling Waters

There is hardly anything that is more important for survival in the barren & hot landscapes of the region than water. The Trail of Water was dedicated to water, among other things with steep channels through which the water shot. You can still find these channels today, even though water no longer flows in them.

3 The Volcano

A volcano dominates the eastern part of the hotel. It is the last remnant of the Trail of Legends. In the past, other of the classic legends of the West were also addressed here: Good & Evil, Silver & Gold and, yes, actually at Disney, even a brothel.

1 Free Coffee

With the Magic Pass you can get four free coffees (or other hot drinks) a day from the coffee machines in the hotel.

2 The most expensive rooms are not the best!

Consider carefully whether a room near the main buildings is worth the extra cost! Many other rooms are nicer, quieter and closer to the parks and Disney Village.

3 Enjoy the view!

Even though it's a lot of steps, you should definitely take the climb to the top of Building 33 during your stay at Disney's Hotel Santa Fe! From here you have a great view over the Hotel Santa Fe, the Hotel Cheyenne and much further - not quite as grand as from the PanoramaMagique balloon, but completely free of charge.

4 The best time for breakfast

If your booking includes breakfast, then you should go for breakfast either at the very beginning or at the very end of the time frame - that's when the crowds are at their lowest.
